

AF12025B22LR Huaxia Hengtai 100-240VAC 120mm Axial Fan Datasheet

SKU: [953440152454](#)

Category: Axial & Centrifugal Fans

Price: **\$11.99**

E-mail: sales@equipspares.com

Product Description

The M AF12025B22LR is a robust AC Axial Fan engineered for consistent thermal management in industrial environments. Utilizing advanced motor technology and a durable dual ball bearing system, this unit ensures reduced thermal impedance and long-term operational stability. Its aerodynamic impeller design optimizes airflow while maintaining structural rigidity, making it an ideal solution for continuous duty applications requiring reliable heat dissipation and efficient power consumption.

Model Number: AF12025B22LR

Brand: Huaxia Hengtai

Product Type: AC Axial Fan

Rated Voltage: 100-120V / 220-240VAC (Dual Voltage)

Power: 2.4 W

Dimensions: 120 x 120 x 25 mm

Bearing Type: Dual Ball Bearing

Frame Material: Industrial Grade Composite

Mounting Type: Flange Mount

Application: Cabinet Cooling

The AF12025B22LR is specifically engineered for high-demand industrial environments, excelling in cabinet cooling applications where consistent airflow is critical. Its dual voltage capability makes it

versatile for global integration into server racks, telecommunications enclosures, and power supply units. By maintaining optimal operating temperatures, the AF12025B22LR protects sensitive electronic components from thermal degradation, ensuring system reliability in automation control panels and CNC machinery.
