

EG75070S1-C710-S9A SUNON 5VDC HP Victus Blower Fan Datasheet

Brand: SUNON

SKU: [856323990749](#)

Category: Axial & Centrifugal Fans

Price: **\$29.99**

E-mail: sales@equipspares.com

Product Description

SUNON EG75070S1-C710-S9A is a 5VDC centrifugal blower optimized for high-density thermal management in compact computing architectures. Engineered specifically as an OEM replacement fan for HP Victus 16-D and 16-E series laptops, this unit features an advanced DC motor with a precision bearing system to ensure low acoustic profiles under heavy computational loads. The aerodynamic impeller design maximizes static pressure to overcome the high system impedance typical of ultra-thin chassis designs. Operating at a rated power of 3.00W, it delivers rapid heat dissipation for critical CPU and GPU components, maintaining structural rigidity and minimizing thermal impedance during extended gaming or rendering sessions.

Model Number: EG75070S1-C710-S9A

Brand: SUNON

Product Type: Centrifugal Blower Fan

Rated Voltage: 5 VDC

Rated Power: 3.00 W

Bearing Type: Sleeve Bearing

Termination: 4-Wire Lead with Connector

Speed Control: PWM

Housing Material: UL94V-0 Plastic

Impeller Material: UL94V-0 Plastic

Compatible Models: HP Victus 16-D, HP Victus 16-E, TPN-Q263, TPN-Q264

Compatible Part Numbers: M75721, M75723, M7572

EG75070S1-C710-S9A Applications

1. HP Victus Gaming Laptops: Direct OEM replacement fan for 16-D and 16-E series (TPN-Q263, TPN-Q264), providing exact mechanical fitment and overcoming high system impedance in densely packed chassis.
2. Mobile Workstation Thermal Repair: Restores optimal thermal dissipation for CPU/GPU modules, preventing thermal throttling during high-load rendering by utilizing the 3.00W high-torque motor.
