Product Description

Condell DF0401012RFLN features a 40 x 40 x 10 mm physical footprint, 12 VDC nominal voltage, and 0.08 A current rating. This compact axial unit utilizes a durable plastic housing and a 3 - wire interface for precise RPM monitoring and thermal regulation. Engineered with a brushless DC motor, the 0.96 W assembly ensures efficient heat dissipation within constrained structural envelopes.

DF0401012RFLN Specifications

Model Number: DF0401012RFLN

Brand: Condell

Product Category: DC Axial Cooling Fan

Nominal Voltage: 12 VDC

Current Rating: 0.08 A

Power Consumption: 0.96 W

Dimensions: 40 x 40 x 10 mm

Interface: 3 Wire

Motor Type: Brushless DC

Housing Material: Plastic

Condition: New Original

DF0401012RFLN Applications

Primary applications include integration into compact power supplies, telecommunications

networking switches, and embedded industrial control panels. Deployed within automated diagnostic equipment and small-scale LED thermal management systems to maintain optimal operating temperatures.
